Vishal Kumar Nigam

Full Stack Web Developer

Professional Summary

Results-driven full stack web developer with extensive training in frontend development using React.js and backend development using Node.js. Proficient in HTML, CSS, and JavaScript, with expertise in Redux, Chakra UI, styled components, Express.js, and database systems like MongoDB and SQL. Detail-oriented and adept at problem-solving, I am dedicated to delivering high-quality code and collaborating with cross-functional teams. Committed to driving innovative and scalable solutions, I stay up-to-date with the latest web development trends and technologies.
